# GASTRO INTRO

Inspired by the word “gastronomy”, defined as the art and science of good eating, Gastro makes its mark in the culinary world with a collection of premium buffet ware and dining accessories.

Artistry, quality and affordability merge seamlessly in each Gastro product that has been specially curated to meet your highest expectations and exacting requirements.

A wide range of items that suit every need means that you have the versatility to customise and personalise your buffet line to maximise its potential. Gastro’s classic looks and practical designs adapt perfectly to just about any buffet theme you need to cater to. Whether it is casual brunches or sophisticated dinners, Gastro is the right fit to raise the bar on the style and elegance of your food presentation.

Easy to use, easy to store and easy on the eyes. Where it counts, our products step up to the plate to help you deliver a gastronomic experience that is at once pleasurable and memorable for your guests. We invite you to “put your best food forward” and give your buffet table the attention it deserves.

At the core of our philosophy is our commitment to recognise the needs of our partners – you. This is the guiding principle that steers us in providing workable solutions.

LUSH

# LUSH

Temptation comes in the form of Lush. Not only is it crafted with all the essential elements you have come to expect of a quality chafing dish, such as a removable cover for easy cleaning and storage, and a water return system, it also features a full glass cover, a patented hydraulic hinge for slow and silent lid motion, and classy, premium looks that will win you over in an instant. Guaranteed to whet all appetites.

*(refer page 4 - 7)*

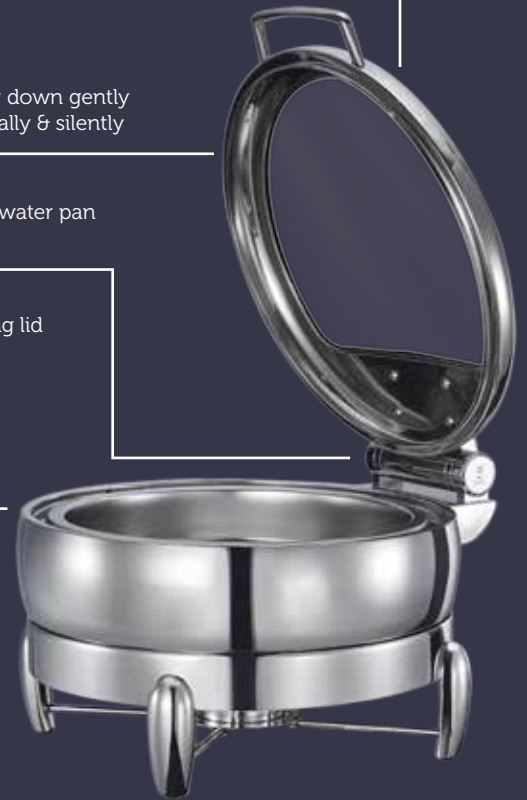

- **LID POSITION**
  - Open up to maximum 90°
  - Stays open at 70°
  - Initiate to close by pressing down gently
  - Lid falls & closes automatically & silently

- **WATER RETURN SYSTEM**  
Condensation flows back to water pan instead of food

- **HYDRAULIC HINGE**  
For smooth opening & closing lid

- **NOTCH**  
Changing food pan easily

# COSMO

A starter collection of chafing dishes that goes beyond the basics. Cosmo checks all the right boxes with a number of carefully considered, clever features. These include a patented spring-hinged mechanism that opens the lid smoothly and keeps it open at a maximum 90°, a removable lid for easy cleaning, and a water return system that eliminates condensation. It is everything you need for a solid foundation in food presentation.

*(refer page 8 - 11)*

- **LID POSITION**
  - Open up to maximum 90°
  - Stays open at 60° to 90°
  - Initiate to close by pressing down gently
  - Open cover easily and effortlessly

- **WATER RETURN SYSTEM**  
Condensation flows back to water pan instead of food

- **ADJUSTABLE LEVEL SUPPORT**  
for a perfectly level placement when required

- **INSERT LIFTING PIN**  
Changing food pan easily

- **CAPSULED BOTTOM**  
Capsule-Sandwich induction base for fast & even heating

## SPECIAL FEATURE

GN 1/1 Chafing Dish w/  
Steel Lid  
590 x 410 x H203 mm

# MAJESTY & FIESTA

This deluxe hinged roll-top chafing dish welcomes one and all with its generous dimensions and a top that rolls down fully to 180°, which means food can be easily accessed from all sides. Two options in heat source – induction or electric – and its space-saving stackable design make this sumptuous stainless steel chafing dish an indispensable item on the buffet table. Available in round and oblong shapes.

*(refer page 12 - 13)*

- LID POSITION**
- Stay open at 90°
  - Fully open at 180°
  - Stackable design
  - For quick & easy cleaning

**STACKABLE**

**DETACHABLE**

## SPECIAL FEATURE

# PROPER MAINTENANCE AND CARE TO MAXIMIZE THE CHAFING DISH LIFESPAN

PROBLEM	SOLUTION
<b>Routine Cleaning</b>	Use soap or mild detergent and warm water. Sponge along the polish lines, rinse with clean water, wipe dry is preferable.
<b>Fingerprints</b>	Use soap and warm water or organic solvent (eg: acetone, alcohol, methylated spirits). Sponge along the polish lines, rinse with clean water, wipe dry is preferable.
<b>Stubborn Stains and Discoloration</b>	Use mild cleaning solutions (eg: Jif, specialty stainless steel cleaners). Sponge along the polish line by using rag or fibre brush (soft nylon or natural bristle or old tooth brush). Rinse well with warm water and wipe dry.
<b>Lime Deposit from Hard Water</b>	Prepare a solution made of one part of vinegar to three parts of water. Soak in solution and brush to loosen. Rinse well with warm water and wipe dry.
<b>Oil or Grease Marks</b>	Organic solvents (eg: acetone, alcohol, methylated spirits). Baked-on grease can be softened beforehand with ammonia. Clean after with soap and water.
<b>Light Scratches on Polished Finish</b>	Use impregnated nylon pads (for light scratches) or scurfs dressed with iron free abrasives (for deeper scratches). Polish along the lines and clean with soap or detergent. Stainless steel and "Scotch-brite" scouring pads are satisfactory. **Do not use ordinary steel wool - iron particles can become embedded in stainless steel and cause further surface problems.
